The Carlyle Group Announces Third Quarter 2013 Financial Results

- **\$105 million of Distributable Earnings on a pre-tax basis in Q3 2013, or \$0.32 per common unit on a post-tax basis**
- **\$6.5 billion in new capital raised in Q3 2013 and \$22.9 billion raised over the past twelve months**
- **\$3.0 billion in realized proceeds in Q3 2013, with \$17.8 billion realized over the past twelve months**
- **\$1.9 billion in equity invested in Q3 2013 and \$9.1 billion invested over the past twelve months**
- **4% carry fund portfolio appreciation in Q3 2013, driving Economic Net Income of \$195 million on a pre-tax basis**
- **Declared quarterly distribution of \$0.16 per common unit for Q3 2013 for an aggregate distribution of \$0.48 for the first three quarters of 2013**
- **U.S. GAAP net income attributable to The Carlyle Group L.P. of \$2.3 million, or \$0.04 per common unit on a diluted basis, in Q3 2013**

Washington, DC – Global alternative asset manager The Carlyle Group L.P. (NASDAQ: CG) today reported its unaudited results for the third quarter of 2013, which ended on September 30, 2013.

Carlyle Co-CEO David M. Rubenstein said, “We continue to see strong interest from fund investors for Carlyle products, and our overall pace of fundraising is the highest since 2007. Carlyle has produced \$1.33 per common unit in Distributable Earnings year to date and announced distributions to unitholders of \$0.48, positioning unitholders for a solid year end distribution. We continue to innovate and add high quality strategic assets to Carlyle, and we look forward to taking a deep dive into all of Carlyle’s businesses at our first Investor Day on November 11th.”

Carlyle Co-CEO William E. Conway, Jr. said, “Our carry funds performed well in the quarter, posting 4% appreciation across the entire platform, with specific strength in Corporate Private Equity which is now up 25% over the past year. We have generated realized proceeds of nearly \$18 billion for our fund investors over the past twelve months, and we currently have additional portfolio companies in the pipeline, which we expect to go public over the next two quarters. Our investing acumen and fund performance has driven Carlyle’s net accrued carry balance up 34% year to date to \$1.6 billion.”

U.S. GAAP results for Q3 2013 included loss before provision for income taxes of (\$8.6) million and net income attributable to the common unitholders through The Carlyle Group L.P. of \$2.3 million, or net income per common unit of \$0.04 on a diluted basis. Total balance sheet assets were \$33.9 billion as of September 30, 2013.

Third Quarter Distribution

The Board of Directors has declared a quarterly distribution of \$0.16 per common unit to holders of record at the close of business on November 18, 2013, payable on November 27, 2013.

For the first three quarters of 2013, the Board of Directors has declared \$0.48 in aggregate distributions per common unit. Carlyle has generated \$1.33 in year-to-date after-tax Distributable Earnings per common unit.

The Carlyle Group Distribution Policy

As further discussed in its Annual Report on Form 10-K and Quarterly Reports on Form 10-Q, Carlyle currently anticipates that it will cause Carlyle Holdings to make quarterly distributions to its partners, including The Carlyle Group L.P.’s wholly owned subsidiaries, that will enable The Carlyle Group L.P. to pay a quarterly distribution of \$0.16 per common unit for each of the first three quarters of each year, and, for the fourth quarter of each year, to pay a distribution of at least \$0.16 per common unit, that, taken together with the prior quarterly distributions in respect of that year, represents its share, net of taxes and amounts payable under the tax receivable agreement, of Carlyle’s Distributable Earnings in excess of the amount determined by the General Partner to be necessary or appropriate to provide for the conduct of its business, to make appropriate investments in its business and its funds or to comply with applicable law or any of its financing agreements. Carlyle anticipates that the aggregate amount of its distributions for most years will be less than its Distributable Earnings for that year due to these funding requirements. The declaration and payment of any distributions is at the sole discretion of the General Partner, which may change the distribution policy at any time.

The Carlyle Engine

Carlyle evaluates the underlying performance of its business on four key metrics known as the Carlyle Engine: funds raised, equity invested, carry fund returns and realized proceeds for fund investors. The table below highlights the results of these metrics for Q3 2013, year-to-date (YTD) and for the last twelve months (LTM)¹.

Funds Raised		Equity Invested	
Q3	\$6.5 billion	Q3	\$1.9 billion
YTD: \$18.3 bn	LTM: \$22.9 bn	YTD: \$5.7 bn	LTM: \$9.1 bn
Realized Proceeds		Carry Fund Returns	
Q3	\$3.0 billion	Q3	4%
YTD: \$11.0 bn	LTM: \$17.8 bn	YTD: 13%	LTM: 17%

Note: Equity Invested and Realized Proceeds reflect carry funds only.

During Q3 2013, within its carry funds, Carlyle generated realized proceeds of \$3.0 billion from 138 different investments across 35 carry funds. Carlyle deployed \$1.9 billion of equity in 96 new or follow-on investments across 27 carry funds. On an LTM basis, Carlyle realized proceeds of \$17.8 billion and invested \$9.1 billion.

¹ LTM, or last twelve months, refers to the period Q4 2012 through Q3 2013. Prior LTM, or the prior rolling twelve month period, refers to the period Q4 2011 through Q3 2012.

Carlyle All Segment Results

- **Distributable Earnings (DE): \$105 million for Q3 2013 and \$627 million on an LTM basis**
 - o **Pre-tax Distributable Earnings** were \$105 million for Q3 2013, or \$0.32 per common unit on a post-tax basis. On a year-to-date basis, pre-tax Distributable Earnings were \$439 million, 13% below the first three quarters of 2012, and Distributable Earnings per common unit were \$1.33 on a post-tax basis. Distributable Earnings were \$627 million on an LTM basis, which is 16% lower than the prior rolling twelve month period.
 - o **Fee-Related Earnings** were \$40 million for Q3 2013 and declined by \$6 million from \$46 million in Q3 2012 due to higher fundraising costs and other expenses, offset by higher Fee-Earning Assets Under Management. Fee-Related Earnings were \$157 million on an LTM basis, up 22% compared with the prior rolling twelve month period.
 - o **Realized Net Performance Fees** were \$61 million for Q3 2013, compared to \$156 million in Q3 2012. For Q3 2013, Realized Net Performance Fees were positively impacted by exits in Wesco, Allison Transmission, and SS&C Technologies, among others. Realized Net Performance Fees were \$448 million on an LTM basis, which was 24% lower than the prior rolling twelve month period.
 - o **Realized Investment Income/(Loss)** was (\$1) million in Q3 2013, driven by losses in certain European real estate investments.

- **Economic Net Income (ENI): \$195 million for Q3 2013 and \$926 million on an LTM basis**
 - o **Economic Net Income** was \$195 million for Q3 2013 and \$926 million on an LTM basis. On a post-tax basis, Carlyle generated \$0.51 in ENI per Adjusted Unit for Q3 2013.
 - o Q3 2013 ENI was impacted by appreciation of 4% in Carlyle's carry fund portfolio. Corporate Private Equity carry funds were up 5%, Global Market Strategies carry funds increased 2%, and Real Assets carry funds increased 1% compared to the end of Q2 2013. Carry fund appreciation was 17% on an LTM basis, compared to 18% in the prior rolling twelve month period.

- **Distributable Earnings (DE): \$15 million for Q3 2013 and \$33 million on an LTM basis**
 - o **Fee-Related Earnings** were \$12 million for Q3 2013 and \$27 million on an LTM basis.
 - o **Realized Net Performance Fees** were \$3 million for Q3 2013 and \$6 million on an LTM basis.

- **Economic Net Income (ENI): \$25 million for Q3 2013 and \$54 million on an LTM basis, compared to \$4 million in Q3 2012.**

- **Total Assets Under Management (AUM): \$48.4 billion as of Q3 2013**
 - o **Total AUM** of \$48.4 billion was up 9% compared to Q3 2012.
 - o **Fee-Earning AUM** of \$33.7 billion increased 12% versus Q3 2012, with the increase primarily driven by an increase in the fee basis of certain funds and inflows, partially offset by outflows and fee basis step downs.
 - o AlpInvest attracted new commitments into the AlpInvest Secondaries Fund V (ASF V) during the quarter, and AlpInvest completed its final close for the fund in October 2013, with over \$750 million in total commitments.

- During the quarter, Carlyle completed the acquisition of the remaining 40% ownership interest in AlpInvest and announced the acquisition of Metropolitan Real Estate Equity Management (MRE), a global manager of real estate fund of funds. The MRE acquisition closed in November 2013. As of September 2013, MRE had more than \$2.6 billion in capital commitments.

(1) - During Q3 2013, Carlyle acquired the remaining 40% interest in AlpInvest. As such, amounts represent 100% of the financial results of AlpInvest. Prior to Q3 2013, amounts represent Carlyle's 60% economic interest in AlpInvest.

The amounts presented below exclude the effect of U.S. GAAP consolidation eliminations on investments and accrued performance fees, as well as cash and debt associated with Carlyle's consolidated funds. All data is as of September 30, 2013.

- Cash and Cash Equivalents of \$856 million.
- On-balance sheet investments attributable to unitholders of \$264 million, excluding the equity investment by Carlyle in NGP Energy Capital Management.
- Net Accrued Performance Fees attributable to unitholders of \$1,612 million. These performance fees are comprised of Gross Accrued Performance Fees of \$2,928 million less \$59 million in accrued giveback obligation and \$1,257 million in accrued performance fee compensation and non-controlling interest.
- Loans payable and senior notes totaling \$923 million.

As of September 30, 2013, Carlyle began consolidating Urbplan Desenvolvimento Urbano S.A. ("Urbplan"), a Brazilian real estate portfolio company of certain of its real estate investment funds. During the second and third quarters of 2013, Carlyle and certain senior Carlyle professionals made \$32 million of investments in Urbplan, funded \$6.4 million by Carlyle and \$25.6 million by certain senior Carlyle professionals. Subsequent to September 30, 2013, Carlyle has funded an additional \$3.6 million. Carlyle and the senior Carlyle professionals will evaluate the possibility of further capital infusions based on the circumstances at the time (including levels of third party funding participation), but currently anticipate that they will make additional investments (for which the Carlyle portion, exclusive of investments made by senior Carlyle professionals and others, is not expected to exceed \$50 million in incremental capital). During the third quarter of 2013, Carlyle concluded that Urbplan was a VIE of which Carlyle was the primary beneficiary, and accordingly consolidated Urbplan into the firm's condensed consolidated financial statements as of September 30, 2013. As Carlyle consolidated Urbplan as of September 30, 2013, the consolidation had no impact on the consolidated results of operations for the three and nine months ended September 30, 2013.

The Carlyle Group 2013 Investor Day

Carlyle will host an Investor Day for unitholders and analysts on Monday, November 11th 2013 in New York City. (1) Represents capital raised by our carry funds and fund of funds vehicles, net of expired available capital.

(2) Represents capital called by our carry funds and fund of funds vehicles, net of fund fees and expenses. Equity invested amounts may vary from capital called due to timing differences between investment acquisition and capital call dates.

(3) Represents distributions from our carry funds and fund of funds vehicles, net of amounts recycled. Distributions are based on when proceeds are actually distributed to investors, which may differ from when they are realized.

(4) Represents the net result of subscriptions to and redemptions from our hedge funds.

(5) Represents the change in the aggregate collateral balance and principal cash at par of the CLOs.

(6) Market Appreciation/(Depreciation) represents realized and unrealized gains (losses) on portfolio investments and changes in the net asset value of our hedge funds.

(7) Represents the impact of foreign exchange rate fluctuations on the translation of our non-U.S. dollar denominated funds and other changes in Total AUM. Activity during the period is translated at the average rate for the period. Ending balances are translated at the spot rate as of the period end.

(8) Ending balance is comprised of approximately \$17.5 billion from our structured credit funds, \$14.0 billion in our hedge funds, \$3.6 billion (including \$1.6 billion of Available Capital) in our carry funds and \$0.2 billion from our business development companies.

(9) Amounts related to the NGP Funds are based on the latest available information (in most cases as of June 30, 2013).

(10) The fair market values for AlpInvest primary fund investments and secondary investment funds are based on the latest available valuations of the underlying limited partnership interests (in most cases as of June 30, 2013) as provided by their general partners, plus the net cash flows since the latest valuation, up to September 30, 2013.

- (1) Inflows represent limited partner capital raised by our carry funds and fund of funds vehicles and capital invested by our carry funds and fund of funds vehicles outside the investment period.
- (2) Outflows represent limited partner distributions from our carry funds and fund of funds vehicles and changes in basis for our carry funds and fund of funds vehicles where the investment period has expired.
- (3) Represents the net result of subscriptions to and redemptions from our hedge funds.
- (4) Represents the change in the aggregate Fee-earning collateral balances at par of our CLOs, as of the quarterly cut-off dates.
- (5) Market Appreciation/(Depreciation) represents changes in the net asset value of our hedge funds and of our fund of funds vehicles based on the lower of cost or fair value.
- (6) Includes funds with fees based on gross asset value, on boarding of fully committed existing funds from another manager and represents the impact of foreign exchange rate fluctuations on the translation of our non-U.S. dollar denominated funds. Activity during the period is translated at the average rate for the period. Ending balances are translated at the spot rate as of the period end.
- (7) Energy I, Energy II, Energy III, Energy IV, Renew I and Renew II (collectively, the "Legacy Energy Funds"), are managed with Riverstone Holdings LLC and its affiliates. Affiliates of both Carlyle and Riverstone act as investment advisers to each of the Legacy Energy Funds. With the exception of Energy IV and Renew II, where Carlyle has minority representation on the funds' management committees, management of each of the Legacy Energy Funds is vested in committees with equal representation by Carlyle and Riverstone, and the consent of representatives of both Carlyle and Riverstone are required for investment decisions. As of September 30, 2013, the Legacy Energy Funds had, in the aggregate, approximately \$13.0 billion in AUM and \$8.5 billion in Fee-Earning AUM. NGP VII, NGP VIII, NGP IX, NGP X, or in the case of NGP M&R, NGP ETP I, NGP ETP II, and NGPC, certain affiliated entities (collectively, the "NGP management fee funds"), are managed by NGP Energy Capital Management. As of September 30, 2013, the NGP management fee funds had, in the aggregate, approximately \$11.8 billion in AUM and \$9.6 billion in Fee-Earning AUM.

- (1) The data presented herein that provides “inception to date” performance results of our segments relates to the period following the formation of the first fund within each segment. For our Corporate Private Equity segment our first fund was formed in 1990. For our Real Assets segment our first fund was formed in 1997. For our Global Market Strategies segment, CSP II and CEMOF I were formed in June 2007 and December 2010, respectively.
- (2) Represents the original cost of all capital called for investments since inception of the fund.
- (3) Represents all realized proceeds combined with remaining fair value, before management fees, expenses and carried interest.
- (4) Multiple of invested capital (“MOIC”) represents total fair value, before management fees, expenses and carried interest, divided by cumulative invested capital.
- (5) An investment is considered realized when the investment fund has completely exited, and ceases to own an interest in, the investment. An investment is considered partially realized when the total amount of proceeds received in respect of such investment, including dividends, interest or other distributions and/or return of capital, represents at least 85% of invested capital and such investment is not yet fully realized. Because part of our value creation strategy involves pursuing best exit alternatives, we believe information regarding Realized/Partially Realized MOIC and Gross IRR, when considered together with the other investment performance metrics presented, provides investors with meaningful information regarding our investment performance by removing the impact of investments where significant realization activity has not yet occurred. Realized/Partially Realized MOIC and Gross IRR have limitations as measures of investment performance, and should not be considered in isolation. Such limitations include the fact that these measures do not include the performance of earlier stage and other investments that do not satisfy the criteria provided above. The exclusion of such investments will have a positive impact on Realized/Partially Realized MOIC and Gross IRR in instances when the MOIC and Gross IRR in respect of such investments are less than the aggregate MOIC and Gross IRR. Our measurements of Realized/Partially Realized MOIC and Gross IRR may not be comparable to those of other companies that use similarly titled measures. We do not present Realized/Partially Realized performance information separately for funds that are still in the investment period because of the relatively insignificant level of realizations for funds of this type. However, to the extent such funds have had realizations, they are included in the Realized/Partially Realized performance information presented for Total Corporate Private Equity and Total Real Assets.
- (6) Fully Invested funds are past the expiration date of the investment period as defined in the respective limited partnership agreement. In instances where a successor fund has had its first capital call, the predecessor fund is categorized as fully invested.
- (7) Gross Internal Rate of Return (“Gross IRR”) represents the annualized IRR for the period indicated on Limited Partner invested capital based on contributions, distributions and unrealized value before management fees, expenses and carried interest.
- (8) Net Internal Rate of Return (“Net IRR”) represents the annualized IRR for the period indicated on Limited Partner invested capital based on contributions, distributions and unrealized value after management fees, expenses and carried interest.
- (9) Aggregate includes the following funds: CP I, CMG, CVP I, CVP II, CUSGF III, CEVP, CETP I, CAVP I, CAVP II, CAGP III, Mexico and MENA.
- (10) Includes co-investments, prefund investments and certain other stand-alone investments arranged by us.
- (11) Aggregate includes the following funds: CJP III, CGFSP II, CSABF, CSSAF, CETP II, CBPF and CPF I.
- (12) For purposes of aggregation, funds that report in foreign currency have been converted to U.S. dollars at the reporting period spot rate.
- (13) Aggregate includes the following funds: CRP I, CRP II, CAREP I, CAREP II, Energy I and Renew I.
- (14) Aggregate includes the following fund: CRCP I and CPOCP.
- (15) Represents the original cost of investments net of investment level recallable proceeds which is adjusted to reflect recyclability of invested capital for the purpose of calculating the fund MOIC.
- (16) Includes private equity and mezzanine primary fund investments, secondary fund investments and co-investments originated by the AlInvest team. Excluded from the performance information shown are a) investments that were not originated by AlInvest and b) Direct Investments, which was spun off from AlInvest in 2005. As of September 30, 2013, these excluded investments represent \$0.7 billion of AUM.
- (17) Fully Committed funds are past the expiration date of the commitment period as defined in the respective limited partnership agreement.
- (18) To exclude the impact of FX, all foreign currency cash flows have been converted to Euro at the reporting period spot rate.
- (19) Aggregate includes Main Fund I - Co-Investments, Main Fund I - Mezzanine Investments, AlInvest CleanTech Funds and funds which are not included as part of a main fund.
- (20) Represents the U.S. dollar equivalent balance translated at the spot rate as of period end.
- (21) Returns are not considered meaningful, as the investment period commenced in May 2012 for CP VI and November 2012 for CAP IV.

The Carlyle Group L.P.
Non-GAAP Financial Information and Other Key Terms

Non-GAAP Financial Information

Carlyle discloses in this press release the following financial measures that are calculated and presented on the basis of methodologies other than in accordance with generally accepted accounting principles in the United States of America:

- Economic net income or “ENI,” represents segment net income which excludes the impact of income taxes, acquisition-related items including amortization of acquired intangibles and contingent consideration taking the form of earn-outs, charges associated with equity-based compensation issued in Carlyle’s initial public offering or in acquisitions or strategic investments, corporate actions and infrequently occurring or unusual events. Carlyle believes the exclusion of these items provides investors with a meaningful indication of its core operating performance. For segment reporting purposes, revenues and expenses, and accordingly segment net income, are presented on a basis that deconsolidates certain Carlyle funds, related co-investment entities and CLOs (referred to collectively as the “Consolidated Funds”) that Carlyle consolidates in its consolidated financial statements pursuant to U.S. GAAP. For periods prior to its Initial Public Offering, ENI also reflects pro forma compensation expense for compensation to senior Carlyle professionals, which Carlyle has accounted for as distributions from equity rather than as employee compensation for periods prior to its Initial Public Offering. Total Segment ENI equals the aggregate of ENI for all segments. ENI is evaluated regularly by management in making resource deployment decisions and in assessing performance of Carlyle’s four segments and for compensation. Carlyle believes that reporting ENI is helpful to understanding its business and that investors should review the same supplemental financial measure that management uses to analyze its segment performance.
- Fee-Related Earnings is a component of ENI and is used to measure Carlyle’s operating profitability exclusive of performance fees, investment income from investments in Carlyle’s funds and performance Fee Related compensation. Accordingly, Fee-Related Earnings reflect the ability of the business to cover direct base compensation and operating expenses from fee revenues other than performance fees. For periods prior to its Initial Public Offering, Fee-Related Earnings also reflects pro forma compensation expense for compensation to senior Carlyle professionals, which Carlyle has accounted for as distributions from equity rather than as employee compensation for periods prior to its Initial Public Offering. Fee-Related Earnings are reported as part of Carlyle’s segment results. Carlyle uses Fee-Related Earnings from operations to measure its profitability from fund management fees.
- Distributable Earnings is a component of ENI representing total ENI less net performance fees and investment income plus realized net performance fees and realized investment income and excluding equity-based compensation. Distributable Earnings is intended to show the amount of net realized earnings without the effects of consolidation of the Consolidated Funds. Distributable Earnings is derived from Carlyle’s segment reported results and is an additional measure to assess performance and amounts potentially available for distribution from Carlyle Holdings to its equity holders.

- Adjusted EBITDA is a component of ENI and is used to measure Carlyle’s ability to cover recurring operating expenses from cash earnings. Adjusted EBITDA is computed as ENI excluding unrealized performance fees, unrealized performance fee compensation, unrealized investment income, depreciation and amortization expense, interest expense and equity-based compensation.

Income before provision for income taxes is the GAAP financial measure most comparable to ENI, Fee-Related Earnings, Distributable Earnings, and Adjusted EBITDA. Reconciliations of these non-GAAP financial measures to income before provision for income taxes are included within this press release. These non-GAAP financial measures should be considered in addition to and not as a substitute for, or superior to, financial measures presented in accordance with U.S. GAAP.

Other Key Terms

“**Assets under management**” or “**AUM**” refers to the assets managed by Carlyle. AUM equals the sum of the following:

(a) the fair value of the capital invested in Carlyle carry funds, co-investment vehicles, NGP management fee funds and fund of funds vehicles plus the capital that Carlyle is entitled to call from investors in those funds and vehicles (including Carlyle commitments to those funds and vehicles and those of senior Carlyle professionals and employees) pursuant to the terms of their capital commitments to those funds and vehicles;

(b) the amount of aggregate collateral balance and principal cash at par of our CLOs (inclusive of all positions) and the reference portfolio notional amount of our synthetic CLOs;

(c) the net asset value (pre-redemptions and subscriptions) of Carlyle’s long/short credit, emerging markets, multi-product macroeconomic and other hedge funds; and

(d) the gross assets (including assets acquired with leverage) of our Business Development Company.

AUM includes certain energy and renewable resources funds that Carlyle jointly advises with Riverstone Holdings L.L.C. (“Riverstone”) and certain NGP management fee funds advised by NGP Energy Capital Management. In addition, Carlyle’s calculation of AUM (but not Fee-Earning AUM) includes uncalled commitments to, and the fair value of invested capital in, investment funds from Carlyle and its personnel, regardless of whether such commitments or invested capital are subject to management or performance fees.

“**Available capital**,” commonly known as “dry powder,” for Carlyle’s carry funds and NGP management fee funds refers to the amount of capital commitments available to be called for investments. Amounts previously called may be added back to available capital following certain distributions.

“**Carlyle funds**,” “**our funds**” and “**our investment funds**” refer to the investment funds and vehicles advised by Carlyle.

“**Carry funds**” refers to those investment funds that Carlyle advises, including the buyout funds, growth capital funds, real estate funds, infrastructure funds, certain energy funds and distressed debt and mezzanine funds (but excluding Carlyle’s structured credit funds, hedge funds and fund of funds vehicles as well as the NGP management fee funds), where Carlyle receives a special residual allocation of income, which is referred to as a “carried interest,” in the event that specified investment returns are achieved by the fund.

“**Expired available capital**” occurs when a fund has passed the investment and follow-on periods and can no longer invest capital into new or existing deals. Any remaining available capital, typically a result of either recycled distributions or specific reserves established for the follow-on period that are not drawn, can only be called for fees and expenses and is therefore removed from the total AUM calculation.

“**Fee-Earning assets under management**” or “**Fee-Earning AUM**” refers to the assets managed by Carlyle from which Carlyle derives recurring fund management fees. Fee-Earning AUM generally equals the sum of:

(a) for carry funds and certain co-investment vehicles where the investment period has not expired, the amount of limited partner capital commitments, for fund of funds vehicles, the amount of external investor capital commitments during the commitment period, and for NGP management fee funds, the amount of investor capital commitments before the first investment realization;

(b) for substantially all carry funds and certain co-investment vehicles where the investment period has expired, the remaining amount of limited partner invested capital and for NGP management fee funds where the first investment has been realized, the amount of partner commitments less realized and written-off investments;

(c) the amount of aggregate Fee-Earning collateral balance at par of our collateralized loan obligations (“CLOs”), as defined in the fund indentures (typically exclusive of equities and defaulted positions) as of the quarterly cut-off date for each CLO, and the reference portfolio notional amount of our synthetic collateralized loan obligations (“synthetic CLOs”);

(d) the external investor portion of the net asset value (pre-redemptions and subscriptions) of our long/short credit, emerging markets, multi-product macroeconomic and other hedge funds; and

(e) for fund of funds vehicles where the commitment fee period has expired and certain carry funds where the investment period has expired, the lower of cost or fair value of invested capital.

Fee-Earning AUM includes certain energy and renewable resources funds that Carlyle jointly advises with Riverstone and certain NGP management fee funds advised by NGP Energy Capital Management.

For Carlyle's carry funds, co-investment vehicles, NGP management fee funds and fund of funds vehicles, total AUM includes the fair value of the capital invested, whereas Fee-Earning AUM includes the amount of capital commitments or the remaining amount of invested capital at cost, depending on whether the investment period for the fund has expired. As such, Fee-Earning AUM may be greater than total AUM when the aggregate fair value of the remaining investments is less than the cost of those investments.

“Fund of funds vehicles” refers to those funds, accounts and vehicles advised by AlpInvest Partners B.V., formerly known as AlpInvest Partners N.V.

“NGP management fee funds” refers to those funds advised by NGP Energy Capital Management. In December 2012, Carlyle acquired an equity interest in NGP Energy Capital Management that entitles Carlyle to an allocation of income equal to 47.5% of the management Fee Related revenues of the NGP Energy Capital Management entities that serve as the advisors to certain private equity funds.

“Net performance fees” refers to the performance fees from Carlyle funds and fund of funds vehicles net of the portion allocated to Carlyle investment professionals which is reflected as performance fee related compensation expense.

“Performance fees” consist principally of carried interest from carry funds and fund of funds vehicles and incentive fees or allocations from certain of our Global Market Strategies funds. Carlyle is generally entitled to a 20% allocation (or 1.8% to 10% in the case of most of the fund of funds vehicles) of the net realized income or gain as a carried interest after returning the invested capital, the allocation of preferred returns of generally 8% to 9% and the return of certain fund costs (subject to catch-up provisions as set forth in the fund limited partnership agreement). Carried interest revenue, which is a component of performance fees in Carlyle's consolidated financial statements, is recognized by Carlyle upon appreciation of the valuation of the applicable funds' investments above certain return hurdles as set forth in each respective partnership agreement and is based on the amount that would be due to Carlyle pursuant to the fund partnership agreement at each period end as if the funds were liquidated at such date.

“**Realized net performance fees**” refers to the realized performance fees from Carlyle funds and fund of funds vehicles net of the portion allocated to Carlyle investment professionals which is reflected as realized performance fee related compensation expense.

“**VIE**” refers to a variable interest entity, as that term is defined in Accounting Standards Codification Topic 810, *Consolidation*.
