Carlyle Reports Third Quarter 2026 Financial Results

Washington, D.C. and New York, NY – November 5, 2026 – The Carlyle Group Inc. (NASDAQ: CG) today reported its unaudited results for the third quarter ended September 30, 2026. The full detailed presentation of Carlyle's third quarter 2026 results can be viewed at ir.carlyle.com.

U.S. GAAP results for Q3 2026 included loss before provision for income taxes of $77 million and a margin on loss before provision for income taxes of 23.0%.

Carlyle Chief Executive Officer Harvey M. Schwartz said, "Our third quarter results reflect the strength of Carlyle's diversified global platform and the significant momentum we continue to build across the firm. We delivered one of our strongest quarters of Distributable Earnings per share on record, while distinguishing ourselves as an outlier in returning capital to our investors, approaching $100 billion in distributions since the beginning of 2024. With near-record levels of Pending Fee-earning AUM and the early stages of a powerful fundraising super-cycle, we are exceptionally well positioned to accelerate growth in the years ahead."

Dividend

The Board of Directors has declared a quarterly dividend of $0.35 per common share to holders of record at the close of business on November 16, 2026, payable on November 23, 2026.

Conference Call

Carlyle will host a conference call at 8:30 a.m. EST on Thursday, November 5, 2026, to discuss its third quarter 2026 financial results. The conference call will be available via public webcast from the Events & Presentations section of ir.carlyle.com and a replay will also be available on our website soon after the call's completion.

- Fund management fees decreased in 3Q'26 compared to 3Q'25, driven by a $17 million decrease in catch-up fund management fees, from $31 million in Q3'25 (Carlyle AlpInvest) to $14 million in 3Q'26 (Global Credit), and the impacts of net investment realization activity in certain funds in our Global Private Equity segment. These decreases were partially offset by higher management fees from our most recent vintage secondaries & portfolio finance funds in our Carlyle AlpInvest segment.
- Investment income, including performance allocations, in 3Q'26 primarily reflected the reversal of unrealized performance allocations in our seventh U.S. buyout fund, driven in part by market price decreases of certain public investments, and in our secondaries & portfolio finance strategy in our Carlyle AlpInvest segment, partially offset by unrealized performance allocations in our opportunistic credit and aviation strategies in Global Credit, and our international energy strategy in Global Private Equity.
- Net investment loss of Consolidated Funds in YTD 3Q'26 included unrealized investment losses of approximately $82 million related to an investment in a consolidated infrastructure fund in Global Private Equity. Through September 30, 2026, the cumulative unrealized investment loss recognized with respect to this investment attributable to the Company was approximately $222 million, which will be realized upon the disposition of the fund's investment, which the Company currently expects will occur in the fourth quarter of 2026.

Key Metrics Activity

- **Inflows**[1] were $10.8 billion in Q3 2026, driven by our Global Credit segment, including the first close in our latest opportunistic credit fund (CCOF IV), capital raised in our aviation business, reinsurance activity, the closing of two new-issue CLOs, and the final close in our latest infrastructure credit fund (CICF II). Inflows of $49.8 billion for the LTM decreased 15% compared to the prior LTM period
- **Deployment**[2] was $11.0 billion in Q3 2026, led by activity across our Global Credit segment, notably in our liquid credit, aviation, and opportunistic credit strategies, and our Global Private Equity segment, driven by transactions in our U.S. growth funds, Asia buyout funds, and the energy platform. Deployment of $52.2 billion for the LTM decreased 5% compared to the prior LTM period
- **Realized Proceeds** from carry funds were $8.8 billion in Q3 2026, driven by realizations in our Global Private Equity segment, notably in our U.S. growth, Japan buyout, and Europe technology funds, as well as the energy platform. Realized Proceeds of $39.6 billion for the LTM increased 23% compared to the prior LTM period
- **Carry Fund Appreciation** was 1% in Q3 2026 and 7% for the LTM

* Net accrued fee related performance revenues for CPI are excluded from Net Accrued Performance Revenues. These amounts will be reflected as fee related performance revenues when realized, and included in Fund level fee revenues in our segment results. Accrued fee related performance revenues for CPI were immaterial as of September 30, 2026.

** The IRR is incalculable, which occurs in instances when a distribution occurs prior to a Limited Partner capital contribution due to the use of fund-level credit facilities.

** Shares repurchased and retired exclude shares withheld in the net share settlement of equity awards during the related period. We include the associated tax withholding payments made by the Company in the total cost of shares repurchased and retired during the period and in calculating the remaining capacity under our repurchase authorization. During Q3 2026, approximately 1.9 million shares were withheld in the net share settlement of equity awards. In February 2026, the Board reset the Company's total share repurchase authorization to $2.0 billion, effective February 26, 2026. As of September 30, 2026, approximately $1.4 billion of repurchase capacity remained under the program.

*** Shares eligible for dividend include 0.2 million net common shares that will be issued in November 2026 in connection with the vesting of restricted stock units. For purposes of this calculation, these common shares have been added to the common shares outstanding as of September 30, 2026 because they will participate in the dividend paid on common shares in November 2026.

Notes

DIVIDEND POLICY

Our dividend policy for our common stock is an annual rate of $1.40 per share ($0.35 per common share on a quarterly basis). The declaration and payment of any dividends to holders of our common stock are subject to the discretion of our Board of Directors, which may change our dividend policy at any time or from time to time, and the terms of our amended and restated certificate of incorporation. There can be no assurance that dividends will be made as intended or at all or that any particular dividend policy will be maintained.

NON-GAAP FINANCIAL MEASURES

This presentation contains financial measures that are calculated and presented on the basis of methodologies other than in accordance with generally accepted accounting principles in the United States. These non-GAAP financial measures should be considered in addition to and not as a substitute for, or superior to, financial measures presented in accordance with U.S. GAAP. The reasons management believes that these non-GAAP financial measures provide useful information are set forth in our most recent Annual Report on Form 10-K filed with the SEC.

NOTES ON CARLYLE CONSOLIDATED GAAP RESULTS (PAGE 5)

1. Income (loss) before provision for income taxes is the GAAP measure that is most directly comparable to Distributable Earnings, which management uses to measure the performance of the business. A full reconciliation is included starting on page 29.
2. Margin on income (loss) before provision for income taxes is equal to Income (loss) before provision for income taxes, divided by Total revenues.
3. Net performance revenues are equal to Performance revenues less Performance revenues related compensation expense.

NOTE ON TOTAL SEGMENT RESULTS (PAGES 7-10)

1. Fee related performance revenues are the realized portion of performance revenues that are measured and received on a recurring basis, are not dependent on the disposition of investments, and which are not at risk of giveback. The related compensation expense is included in cash-based compensation and benefits.
2. FRE margin is calculated as Fee Related Earnings, divided by Total Segment Fee Revenues.
3. We generally earn performance revenues (or carried interest) from our carry funds representing a 20% allocation of profits generated on third-party capital, and on which the general partner receives a special residual allocation of income from limited partners, which we refer to as carried interest, in the event that specified investment returns are achieved by the fund. Disclosures referring to carry funds also include the impact of certain commitments that do not earn carried interest, but are either part of or associated with our carry funds. The rate of carried interest, as well as the share of carried interest allocated to Carlyle, may vary across the carry fund platform. See “Non-GAAP Financial Measures” for details. A reconciliation of accrued performance allocations to total segment net accrued performance revenues is included on page 33.
4. Includes the change in performance revenue accrual from positive or negative movements in portfolio valuation, incremental preferred return and fees, foreign exchange fluctuations and acquisition/divestiture activity. See “Non-GAAP Financial Measures” for more information. See page 31 for a reconciliation of performance revenues to realized net performance revenues.

NOTES ON ASSETS UNDER MANAGEMENT (PAGES 11-13)

1. Total Assets Under Management refers to the assets we manage or advise and reflects the sum of the unrealized Fair Value of Investments and Available Capital. We also include the NGP funds, which are advised by NGP.
2. Available Capital refers to the amount of capital commitments available to be called for investments, which may be reduced for equity invested that is funded via fund credit facility and expected to be called from investors at a later date, plus any additional assets/liabilities at the fund level other than active investments. Amounts previously called may be added back to available capital following certain distributions.
3. Credit (Non-Carry Funds) includes our CLOs, business development companies and related managed accounts, the Carlyle Tactical Private Credit Fund, as well as securitization vehicles and various managed accounts in our Carlyle Aviation business. "Other" includes certain managed account vehicles. Total AUM for Insurance Solutions includes $6 billion related to the investment in Fortitude by Carlyle FRL and third-party strategic investors. Amounts invested in Carlyle products under the strategic advisory services agreement are included in Insurance Solutions AUM as well as in the AUM of the strategy in which they are invested.
4. Performance Fee Eligible AUM represents the AUM of funds for which we are entitled to receive performance allocations, inclusive of the fair value of investments in those funds (which we refer to as “Performance Fee Eligible Fair Value”) and their Available Capital. Performance Fee Eligible Fair Value is “Performance Fee Generating” when the associated fund has achieved the specified investment returns required under the terms of the fund’s agreement and is accruing performance revenue as of the quarter-end reporting date. Funds whose performance allocations are treated as fee-related performance revenues are excluded from these metrics.
5. The In-Carry Ratio represents Performance Fee-Generating Fair Value divided by Total Performance Fee Eligible Fair Value (as defined above).
6. Fee-earning Assets Under Management refers to the assets we manage or advise from which we derive recurring fund management fees, and is calculated as the basis on which management fees would be called, if called on the effective reporting date. We include Fee-earning AUM of the NGP funds, which are advised by NGP.

NOTES ON ASSETS UNDER MANAGEMENT (PAGES 11-13) (CONTINUED)

7. Pending Fee-earning Assets Under Management refers to commitments that have been raised and will become Fee-earning Assets Under Management upon the activation of recurring fund management fees on the commitments, or as the capital is invested, depending on the fee structure of the fund or vehicle.
8. "Perpetual Capital" refers to the assets we manage or advise which have an indefinite term and for which there is no immediate requirement to return capital to investors upon the realization of investments made with such capital, except as required by applicable law. Perpetual Capital may be materially reduced or terminated under certain conditions, including reductions from changes in valuations and payments to investors, including through elections by investors to redeem their investments, dividend payments, and other payment obligations, as well as the termination of or failure to renew the respective investment advisory agreements. Perpetual Capital includes: (a) assets managed under the strategic advisory services agreement with Fortitude, (b) our Core Plus real estate fund, (c) our business development companies and certain other direct lending products, (d) Carlyle Tactical Private Credit Fund ("CTAC"), (e) our closed-end tender offer Carlyle AlpInvest Private Markets ("CAPM") funds and Carlyle AlpInvest Private Markets Secondaries ("CAPS") funds, and (f) certain other structured credit and asset-backed finance products.

NOTES ON KEY METRICS ACTIVITY (PAGE 14)

1. Inflows generally reflects the impact of gross fundraising, reinsurance and other transactions at Fortitude, and corporate acquisitions during the period, if any. For funds or vehicles denominated in foreign currencies, this reflects translation at the average quarterly rate.
2. Deployment comprises (i) Invested Capital of Carry Funds, (ii) new CLO issuances and incremental capital raised from CLO resets, and (iii) gross originations and other non-carry fund activity. This metric excludes deployment of Fortitude's general account assets covered by the strategic advisory services agreement into third party investments.

NOTES ON SEGMENT HIGHLIGHTS (PAGES 16-18)

1. Insurance Solutions includes $6 billion related to the investment in Fortitude by Carlyle FRL and third-party strategic investors. Amounts invested in Carlyle products under the strategic advisory services agreement are included in Insurance Solutions AUM as well as in the AUM of the strategy in which they are invested.
2. Includes Carlyle AlpInvest Private Markets (CAPM) and Carlyle AlpInvest Private Markets Secondaries (CAPS) funds.

NOTES ON TOTAL AUM AND FEE-EARNING AUM ROLL FORWARDS (PAGE 22)

1. Inflows generally reflects the impact of gross fundraising, reinsurance and other transactions at Fortitude, and corporate acquisitions during the period, if any. For funds or vehicles denominated in foreign currencies, this reflects translation at the average quarterly rate.
2. Outflows includes distributions net of recallable or recyclable amounts in our carry funds, related co-investment vehicles, and separately managed accounts, gross redemptions in our open-ended funds, runoff of CLO collateral balances and the expiration of available capital.
3. Market Activity & Other generally represents realized and unrealized gains (losses) on portfolio investments in our carry funds and related co-investment vehicles, and separately managed accounts, as well as the net impact of fees, expenses and non-investment income, change in gross asset value for our business development companies, changes in the fair value of Fortitude's general account assets covered by the strategic advisory services agreement, and other changes in AUM.
4. Foreign Exchange represents the impact of foreign exchange rate fluctuations on the translation of our non-U.S. dollar denominated funds. Activity during the period is translated at the average rate for the period. Ending balances are translated at the spot rate as of the period end.
5. Inflows represents limited partner capital raised by our carry funds or separately managed accounts for which management fees based on commitments were activated during the period, the fee-earning commitments invested in vehicles for which management fees are based on invested capital, incremental fee-earning collateral from new CLO issuances and resets, reinsurance and other transactions at Fortitude, as well as gross subscriptions in vehicles for which management fees are based on net asset value. Inflows exclude fundraising amounts during the period for which fees have not yet been activated, which are referenced as Pending Fee-earning AUM.
6. Outflows represents the impact of realizations from vehicles with management fees based on remaining invested capital at cost or fair value, changes in basis for funds where the investment period, weighted-average investment period or commitment fee period has expired during the period, reductions for funds that are no longer calling for management fees, gross redemptions in open-ended funds, and runoff of CLO collateral balances. Realizations for funds earning management fees based on commitments during the period do not affect Fee-earning AUM.
7. Market Activity & Other represents realized and unrealized gains (losses) on portfolio investments in our carry funds based on the lower of cost or fair value and net asset value, activity of funds with fees based on gross asset value, and changes in the fair value of Fortitude's general account assets covered by the strategic advisory services agreement.
8. Foreign Exchange represents the impact of foreign exchange rate fluctuations on the translation of our non-U.S. dollar denominated funds. Activity during the period is translated at the average rate for the period. Ending balances are translated at the spot rate as of the period end.

NOTES ON FUND PERFORMANCE TABLES (PAGES 23-26)

1. Represents the original cost of investments since inception of the fund.
2. Represents all realized proceeds since inception of the fund.
3. Represents remaining fair value, before management fees, expenses and carried interest, and may include remaining escrow values for realized investments.
4. Multiple of invested capital ("MOIC") represents total value, before management fees, expenses and carried interest, divided by cumulative invested capital.
5. An investment is considered realized when the investment fund has completely exited, and ceases to own an interest in, the investment. An investment is considered partially realized when the total amount of proceeds received in respect of such investment, including dividends, interest or other distributions and/or return of capital, represents at least 85% of invested capital and such investment is not yet fully realized. Because part of our value creation strategy involves pursuing best exit alternatives, we believe information regarding Realized/Partially Realized MOIC and Gross IRR, when considered together with the other investment performance metrics presented, provides investors with meaningful information regarding our investment performance by removing the impact of investments where significant realization activity has not yet occurred. Realized/Partially Realized MOIC and Gross IRR have limitations as measures of investment performance and should not be considered in isolation. Such limitations include the fact that these measures do not include the performance of earlier stage and other investments that do not satisfy the criteria provided above. The exclusion of such investments will have a positive impact on Realized/Partially Realized MOIC and Gross IRR in instances when the MOIC and Gross IRR in respect of such investments are less than the aggregate MOIC and Gross IRR. Our measurements of Realized/Partially Realized MOIC and Gross IRR may not be comparable to those of other companies that use similarly titled measures.
6. Gross Internal Rate of Return ("Gross IRR") represents an annualized return on Limited Partner invested capital, based on contributions, distributions and unrealized fair value as of the reporting date, before the impact of management fees, partnership expenses and carried interest. For fund vintages 2017 and after, Gross IRR includes the impact of interest expense related to the funding of investments on fund lines of credit. Gross IRR is calculated based on the timing of Limited Partner cash flows, which may differ to varying degrees from the timing of actual investment cash flows for the fund. Subtotal Gross IRR aggregations for multiple funds are calculated based on actual cash flow dates for each fund and represent a theoretical time-weighted return for a Limited Partner who invested sequentially in each fund.
7. Net Internal Rate of Return ("Net IRR") represents an annualized return on Limited Partner invested capital, based on contributions, distributions and unrealized fair value as of the reporting date, after the impact of all management fees, partnership expenses and carried interest, including current accruals. Net IRR is calculated based on the timing of Limited Partner cash flows, which may differ to varying degrees from the timing of actual investment cash flows for the fund. Fund level IRRs are based on aggregate Limited Partner cash flows, and this blended return may differ from that of individual Limited Partners. As a result, certain funds may generate accrued performance revenues with a blended Net IRR that is below the preferred return hurdle for that fund. Subtotal Net IRR aggregations for multiple funds are calculated based on actual cash flow dates for each fund and represent a theoretical time-weighted return for a Limited Partner who invested sequentially in each fund.
8. Represents the net accrued performance revenue balance/(giveback obligation) as of the current quarter end.
9. Represents all realized proceeds combined with remaining fair value, before management fees, expenses and carried interest.
10. Aggregate includes the following funds, as well as all active co-investments, separately managed accounts (SMAs), and stand-alone investments arranged by us: MENA, CCI, CSSAF I, CPF I, CAP Growth I, CAP Growth II, CBPF II, CAGP IV, ABV 8, ABV 9, ACCD 2, ACCD 3, and CCD-CIF.
11. Aggregate includes the following funds, as well as related co-investments, separately managed accounts (SMAs), and certain other stand-alone investments arranged by us: CP I, CP II, CP III, CP IV, CEP I, CEP II, CEP III, CAP I, CAP II, CAP III, CBPF I, CJP I, CJP II, CMG, CVP I, CVP II, CUSGF III, CGFSP I, CEVP I, CETP I, CETP II, CAVP I, CAVP II, CAGP III, CEOF I, CEOF II, Mexico, and CSABF.
12. For funds marked "NM," IRR may be positive or negative, but is not considered meaningful because of the limited time since initial investment and early stage of capital deployment. For funds marked "Neg," IRR is considered meaningful but is negative as of reporting period end.
13. For purposes of aggregation, funds that report in foreign currency have been converted to U.S. dollars at the reporting period spot rate.
14. Aggregate includes the following funds, as well as all active co-investments, separately managed accounts (SMAs), and stand-alone investments arranged by us: CCR, CER I, CER II and CER III.
15. Aggregate includes the following funds, as well as related co-investments, separately managed accounts (SMAs), and certain other stand-alone investments arranged by us: CRP I, CRP II, CRP III, CRP IV, CRP V, CRCP I, CAREP I, CAREP II, CEREP I, CEREP II, and CEREP III.
16. Aggregate includes the following funds, as well as all active co-investments, separately managed accounts (SMAs), and stand-alone investments arranged by us: NGP GAP, NGP RP I, NGP RP II, NGP RP III, NGP ETP IV, NGP SRA II, CRSEF, and CGIOF II.
17. Aggregate includes the following funds, as well as related co-investments, separately managed accounts (SMAs), and certain other stand-alone investments arranged by us: CIP, CPP II, and CPOCP.
18. Represents the original cost of investments since the inception of the fund. For CSP IV, amounts are presented net of investment-level recallable proceeds to reflect the recyclability of invested capital for the purpose of calculating the fund MOIC.
19. Aggregate includes the following funds, as well as all active co-investments, separately managed accounts (SMAs), and stand-alone investments arranged by us: CAPF VII, CICF, CAF, CALF, CCOF III - Unlevered, CCOF III PSV, and CCOF IV - Unlevered.
20. Aggregate includes the following funds, as well as related co-investments, separately managed accounts (SMAs), and certain other stand-alone investments arranged by us: CSP I, CSP II, CSP III, CEMOF I, CEMOF II, CSC, CMP I, CMP II, SASOF II, and CASCOF.

NOTES ON FUND PERFORMANCE TABLES (PAGES 23-26) (CONTINUED)

21. Includes private equity and mezzanine primary fund investments, secondary fund investments and co-investments originated by AlpInvest. Excluded from the performance information shown are: (a) investments that were not originated by AlpInvest (i.e., AlpInvest did not make the original investment decision or recommendation); (b) Direct Investments, which was spun off from AlpInvest in 2005; (c) Carlyle AlpInvest Private Markets ("CAPM"); (d) Carlyle AlpInvest Private Markets Secondaries ("CAPS"); and (e) LP co-investment vehicles managed by AlpInvest. As of September 30, 2026, these excluded portfolios amounted to approximately $20.8 billion of AUM in the aggregate.
22. To exclude the impact of FX, all foreign currency cash flows have been converted to the currency representing a majority of the capital committed to the relevant fund at the reporting period spot rate.
23. Gross Internal Rate of Return ("Gross IRR") represents the annualized IRR for the period indicated on Limited Partner invested capital based on investment contributions, distributions and unrealized value of the underlying investments, before management fees, expenses and carried interest at the AlpInvest level.
24. Includes ASF VIII - SMAs, AlpInvest Atom Fund, all mezzanine investment portfolios, all 'clean technology' private equity investment portfolios, all strategic portfolio finance SMAs, all AlpInvest senior portfolio lending SMAs, and any state-focused investment mandate portfolios.
25. Co-Investments SMAs 2014-2016 does not include two SMAs that started in 2016 but invested a substantial majority alongside ACF VII. These two SMAs have instead been grouped with ACF VII - SMAs. ACF IX SMAs and Primary Investments SMAs 2024-2026 do not include one SMA that started in 2026 but will invest a substantial majority alongside ACF X and Primary Investments 2027-2029. This SMA will remain grouped with All Other Active Funds & Vehicles until the activation of ACF X and Primary Investments 2027-2029. An SMA may pursue multiple investment strategies and make commitments over multiple years.
26. Net Internal Rate of Return ("Net IRR") represents the annualized IRR for the period indicated on Limited Partner invested capital based on investment contributions, distributions and unrealized value of the underlying investments, after management fees, expenses and carried interest. Fund level IRRs are based on aggregate Limited Partner cash flows, and this blended return may differ from that of individual Limited Partners. As a result, certain funds may generate accrued performance revenues with a blended Net IRR that is below the preferred return hurdle for that fund.
27. The fund stepdown date represents the contractual stepdown date under the respective fund agreements for funds on which the fee basis stepdown has not yet occurred. Funds without a listed Fee Initiation Date and Stepdown Date have not yet initiated fees.
28. All amounts shown represent total capital commitments as of September 30, 2026. Certain of our recent vintage funds are currently in fundraising and total capital commitments are subject to change. Committed capital for CCOF II excludes $150 million in capital committed by a CCOF II investor to a side vehicle. The CCOF III platform, which includes CCOF III - Levered, CCOF III - Unlevered, and CCOF III PSV, collectively has $5.7 billion of committed capital. The CCOF IV platform, which also includes CCOF IV - Unlevered, collectively has $2.4 billion of Committed Capital.
29. Funds are included when all investments have been realized. There may be remaining fair value and net accrued carry where there are outstanding escrow balances or undistributed proceeds.

NOTES ON RECONCILIATION FOR DISTRIBUTABLE EARNINGS PER SHARE (PAGE 28)

1. Estimated current corporate, foreign, state and local taxes represents the total U.S. GAAP Provision (benefit) for income taxes adjusted to include only the current tax provision (benefit) applied to Net income (loss) attributable to The Carlyle Group Inc. This adjustment, used to calculate Distributable Earnings, Net attributable to common shareholders, reflects the benefit of deductions available to the Company on certain expense items that are excluded from the underlying calculation of Distributable Earnings, such as equity-based compensation expense, amortization of acquired intangible assets, and other charges (credits) related to corporate actions and non-recurring items that affect period-to-period comparability and are not reflective of the Company's operational performance. This adjustment may also include the effect of transactions that result in current tax obligations but are accounted for within equity in accordance with U.S. GAAP. Management believes that using the estimated current tax provision (benefit) in this manner more accurately reflects earnings that are available to be distributed to common shareholders.
2. Estimated DE effective tax rate is calculated as the estimated current corporate, foreign, state and local taxes divided by Distributable Earnings.

NOTE ON RECONCILIATION OF GAAP TO TOTAL SEGMENT INFORMATION (PAGE 31)

1. Adjustments to performance revenues and principal investment income (loss) relate to (i) unrealized performance allocations net of related compensation expense and unrealized principal investment income, which are excluded from the segment results, (ii) amounts earned from the Consolidated Funds, which are eliminated in the U.S. GAAP consolidation but are included in the segment results, (iii) amounts attributable to non-controlling interests in consolidated entities, which are excluded from the segment results, (iv) the reclassification of NGP performance revenues, which are included in principal investment income in U.S. GAAP financial statements, (v) the reclassification of fee related performance revenues, which are included in fund level fee revenues in the segment results, and (vi) the reclassification of tax expenses associated with certain foreign performance revenues. Adjustments to principal investment income (loss) also include the reclassification of earnings for the investments in NGP Management and its affiliates to the appropriate operating captions for the segment results, and the exclusion of charges associated with the investment in NGP Management and its affiliates that are excluded from the segment results.
