3.02 Unregistered Sales of Equity Securities.

The information set forth under Item 8.01 below is incorporated by reference into this Item 3.02. The sale of Common Units pursuant to the transaction will be made in reliance upon the exemption from registration under the Securities Act of 1933, as amended, afforded by Regulation S promulgated thereunder on the basis that such sale will be made outside of the United States to non-U.S. persons.

7.01 Regulation FD Disclosure.

On November 26, 2013, The Carlyle Group issued a press release announcing the transaction described below under Item 8.01 of this Current Report on Form 8-K. The press release is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

Pursuant to General Instruction B.2 of Current Report on Form 8-K, the information in Item 7.01 of this Current Report on Form 8-K, including the press release attached hereto as Exhibit 99.1, shall not be deemed to be “filed” for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that section. Furthermore, such information shall not be incorporated by reference into any filing or other document pursuant to the Securities Act of 1933, as amended, except as shall be expressly set forth by specific reference in such filing or document.

8.01 Other Events.

On November 24, 2013, The Carlyle Group L.P. (“we,” “our” or “us”), acting through certain of our subsidiaries and affiliated entities, entered into an acquisition agreement with Diversified Global Asset Management Corporation (“DGAM”), among other parties thereto, pursuant to which we have agreed to acquire DGAM. The transaction is expected to close on February 1, 2014. Established in 2004 by George Main, Warren Wright, Graham Thouret and Jeff Lucassen, DGAM is a Toronto, Canada-based alternative investment manager with over \$6 billion in managed and advised assets. DGAM’s client base is 100% institutional and includes public and private pension funds, endowments and sovereign wealth funds from around the world.

Pursuant to the acquisition agreement, we will acquire 100% of the equity interests in DGAM, which will entitle us to 100% of the management fee-related revenues, performance fee-related revenues and advisory fee-related revenues of DGAM and its subsidiaries that serve as the advisors to certain funds of hedge funds. In consideration for these interests, we have agreed to pay at the closing \$25 million of newly-issued common units of The Carlyle Group L.P. (“Common Units”), together with \$8 million in cash. We have also agreed to pay to the sellers, subject to performance and service requirements, up to \$23 million in cash and \$47 million of Common Units in deferred payments, to be paid incrementally over the seven year period following the closing. These deferred payments will be treated as compensatory payments for U.S. GAAP purposes. The actual number of Common Units to be issued will be determined by the volume weighted average price of the Common Units for the 15 trading day period ending on the last trading day prior to the date of issuance. We have reserved the right, at our sole discretion, to choose to pay the deferred consideration in cash rather than Common Units, with the decision to be made at the time of each payment.

From and after the time any Common Units are issued as part of the transaction consideration, we have agreed, upon the request of certain of the sellers, to use commercially reasonable efforts to file a shelf registration statement pursuant to Rule 415 promulgated under the Securities Act of 1933 which will provide for resales of all such Common Units issued as part of the transaction consideration.
